SICE Annual Conference 2010 in Taiwan

Grand Hotel 1, Chung Shan N. Road, Sec.4, Taipei, Taiwan

August 18-21, 2010

<http://www.sice.or.jp/sice2010/>

Organized by the Society of Instrument and Control Engineers (SICE), Japan

Supported by Chinese Automatic Control Society, Taiwan

Technically Co-Sponsored by IEEE Control Systems Society

General Co-Chairs

Koichi Osuka (Osaka University, Japan)

Tzuu-Hseng S. Li (National United University, Taiwan)

Program Co-Chairs

Hisaya Fujioka (Kyoto University, Japan)

Ching-Chih Tsai (Nat'l Chung Hsing University, Taiwan)

Technical Co-Sponsors:

IEEE Industrial Electronics Society, IEEE Robotics and Automation Society, The Instrumentation, Systems, and Automation Society, Institute of Control, Robotics and Systems

Associated Organizations:

Asian Control Association, China Instrument and Control Society, The Chinese Association of Automation, International Measurement Confederation, IEEE Japan Council, IFAC NMO-Japan, The Institute of Electrical Engineers of Japan, Electrical Engineering Conference

Registration

The deadline of Advanced Registration is July 17. The detail of registration is available at the conference web page:

<http://www.sice.or.jp/sice2010/>.

CALL for PARTICIPANTS

The SICE Annual Conference 2010 (SICE 2010) — SICE Anytime Everywhere —, an international conference on instrumentation, control and information technology, will be held at the Grand Hotel, Taipei, Taiwan on August 18–21, 2010.

SICE 2010 is the second annual conference held outside Japan, in cooperation with the Chinese Automatic Control Society, Taiwan. Thanks to more than 800 submissions of contributed papers, the technical program of SICE2010 will include Plenary Talks, Invited Lectures, Workshops, a SICE History Session, and Sponsored Workshops, in addition to Oral and Interactive Sessions.

We are looking forward to seeing you in Taipei.

Plenary Speakers

Prof. Graham Goodwin (University of Newcastle, Australia)

Prof. Roberto Tempo (Politecnico di Torino, Italy)

Prof. Masayoshi Tomizuka (University of California, Berkeley, USA)

Invited Speakers

Dr. Jae-Hoon Kim (Samsung Heavy Industries Co., Ltd., Korea)

Dr. Kenichi Fujii (National Institute of Advanced Industrial Science and Technology, Japan)

Prof. Chin-Teng Lin (National Chiao Tung University, Taiwan)

Prof. Masami Hagiya (University of Tokyo, Japan)

Workshops

The Future Aspect of Industrial Process Measurement, Control and Automation Industry
ITRI-Academia Collaboration Project on Intelligent Robot Technology
Mobiligence

Sponsored Workshops

Symbolic Mathematical Approach to Virtual Plant Prototyping

MapleSim Techniques for Faster Plant Modeling for HIL Applications

SICE Week 2010

<http://www.sice.or.jp/sice2010/siceweek.html>

SICE WEEK is a parallel event for general public people including children in order to introduce SICE related technologies. In this year, rescue robot demonstration, which is originated from KOBE great earthquake in 1995, SICE WEEK Lecture for the general public, and Luncheon seminar (Conference participants only) will be planned.
