

***Student Day***  
***FREE 1-Day Student Registration***  
***on Tuesday, September 22***

**How do I register?** Register onsite on Tuesday, September 22 in the Poolside Foyer of the DoubleTree San Jose Hotel or by contacting the student activities committee chair Tony O’Gorman at [Tony.OGorman@Continental-Corporation.com](mailto:Tony.OGorman@Continental-Corporation.com).

**Questions** regarding Tuesday’s sessions should be directed to Tony O’Gorman by email at [Tony.OGorman@Continental-Corporation.com](mailto:Tony.OGorman@Continental-Corporation.com).

**Energy Conversion Conference and Exposition**, a joint effort of IEEE Power Electronics Society and IEEE Industry Applications Society will provide a premier venue in the US for showcasing new technologies, concepts and applications covering all aspects of energy conversion. Participants include companies and individuals engaged in the research, development, manufacturing, support, application and education in the energy conversion, efficiency and sustainability areas.

**The technical session topics include:**

- **green energy systems**
- **energy efficiency and conservation**
- **transportation applications**
- **industrial applications**
- **core technology issues**

**Student Volunteers needed**

Students interested in taking an active role at the ECCE should contact the Student activities committee chair, Tony O’Gorman at [Tony.OGorman@Continental-Corporation.com](mailto:Tony.OGorman@Continental-Corporation.com)
