4th IEEE Electron Devices Technology and Manufacturing (EDTM) Conference 2020

at *Hotel Equatorial, Penang, Malaysia*
March 16th to March 18th, 2020

Exhibit Program

The **IEEE Electron Devices Technology and Manufacturing (EDTM) Conference 2020** is open to exhibitors. The **EDTM** is a premier conference for the electron devices technology and manufacturing community. The **EDTM** provides a unique forum for discussions on broad range of device/manufacturing-related topics including materials, processes, devices, packaging, modeling, reliability, and manufacturing & yield. We are confident that the keynote talks, tutorials, and short courses as well as the quality of papers will make **EDTM 2020** a successful and top scientific and industry event. As an exhibitor, your company will benefit from showcasing products or services at this premier event and gain direct access to the researchers and engineers from the leading companies, academia, and R&D institutes.

Exhibit Location & Opening Time

- At the EDTM conference site and in proximity of technical sessions;
- Monday March 16th 1:00 PM – March 18th 3:00 PM, 2020.

Exhibit Cost

- Standard Booth (3 m × 3 m), \\US\$2.0 K\\(Excluding Malaysian Sales and Services Tax (SST)) (Includes one regular conference registration);
- A Limited number of Multiple Booths may be made available, but exhibitors need to request at the time of application due to limited space.

Exhibit Benefit

- Each exhibitor gives a short presentation (2 min) to advertise its exhibition at the conference (dedicated session);
- Exhibitors' websites will be listed on the **EDTM 2020** exhibit web page;
- Poster Session and Award presentation will be held in proximity to the exhibit area.
