

CONFERENCE ANNOUNCEMENT

The San Diego IEEE Section welcomes neural network enthusiasts in industry, academia, and government worldwide to participate in the inaugural annual ICNN conference in San Diego.

Conference Chairman

Stephen Grossberg

International Chairman

Teuvo Kohonen

Organizing Chairman

Bart Kosko

Plenary Speakers:

Stephen Grossberg,

John Hopfield, Teuvo Kohonen,

Carver Mead, Bernard Widrow.

Sessions and Papers on:

- Optical Neurocomputers
- Electrical Neurocomputers
- Combinatorial Optimization
- Network Architectures
- Neurobiological Connections
- Knowledge Processing
- Learning Algorithms
- Novel Applications
- Vision
- Robotics
- Self-Organization
- Adaptive Resonance
- Cooperative & Competitive Network Dynamics
- Cognitive Science Connections
- Speech Recognition & Synthesis

Approximately 30 companies and organizations will have exhibits. The latest neurocomputers, netware, and applications will be presented.

There will also be Tutorials and Social Activities.

For registration information, call or write:
