The Century of Brain Computation – Neural Network Alliances with Cognitive Computing and Intelligent Machine Embodiments

Plenary Speakers:

Gail Carpenter (Boston U), Leon O Chua (UC Berkeley), Robert Desimone (MIT)
Eugene Izhikevich (Neuroscience Institute, San Diego), Edgar Koerner (Honda Research,
Offenbach), John Taylor (King's College, UK), Bernard Widrow (Stanford)

Georgia
Tech

Georgia
Institute of
Technology

FedEx Institute
of Technology
University of
Memphis

MISSOURI
S&T

Missouri
University of
Science &
Technology

Organizing Committee:

General Chair

Robert Kozma, University of Memphis

Program Chair

Ganesh Kumar Venayagamoorthy, Missouri S&T
Program Co-Chairs

Leonid Perlovsky, AFRL & Harvard University
Steven Bressler, Florida Atlantic University

Tutorials Chair

Ali Minai, University of Cincinnati

Special Sessions Chair

Donald Wunsch, Missouri Science & Technology

Plenary Chair

Jacek M. Zurada, University of Louisville, KY

Workshops Chair

Jean P. Thivierge, Indiana U, Bloomington, IN

Competition Chair

Amaury Lendasse, Helsinki U. of Tech., Finland

Panels Chair

Irwin King, Chinese University of Hong Kong, HK

Local Arrangements Chair

Ayanna Howard, Georgia Institute of Technology

Web Reviews Chair

Thomasz Cholewo, Lexmark International Inc.

Publications Chair

Derong Liu, University of Illinois, Chicago

Chair At-Large

Gary Yen, Oklahoma State University

Publicity Chair

Bill Howell, Natural Resources, Canada

Registrations Chair

Khan Iftekharuddin, University of Memphis, TN

Sponsors and Exhibit Chair

Fred Ham, Florida Institute of Technology

Government Liaison

Paul J. Werbos, National Science Foundation

Student Grants Chair

Rami Abielmona, Ottawa, Canada

International Liaison

Robi Polikar, Rowan University, NJ

Asia-Pacific Liaison

Lipo Wang, Nanyang Tech. Univ., Singapore

European Liaison

Peter Andras, Newcastle University, UK

Americas Liaison

Pablo Estevez, University of Santiago, Chile

Neuroscience Liaison

Hualou Liang, University of Texas, Houston

Robotics Liaison

Toshio Fukuda, Nagoya University, Japan

Webmaster

Ryan J. McCall, University of Memphis

IJCNN is the premier international conference in the area of neural networks theory, analysis and applications. Topics of interest include but are not restricted to:

- Connectionist methods in cognitive science and cognitive modeling (language, reasoning, perception, learning, consciousness, emotion, etc.)
- Computational neuroscience
- Neuro-technologies and neuro-engineering, brain-machine interfaces
- Cognitive robotics, developmental robotics and neural robotics
- Data mining and pattern recognition
- Signal processing and time series analysis
- Image processing and machine vision
- Neurocontrol
- Neuroinformatics and bioinformatics
- Hybrid neural-symbolic, neuro-fuzzy, neuro-evolutionary systems, neuro-swarm, neural dynamic logic and other methods
- Connectionist methods of emergent intelligence
- Bayesian models and statistical machine learning methods
- Support vector machines and Kernel methods
- Learning methods: supervised, unsupervised and reinforcement
- Adaptive dynamic programming and neuro-dynamic optimization
- Neural dynamics, complex systems, and chaos
- Hardware implementations of neural networks, neuromorphic engineering
- Intelligent tools and methods (expert systems, embedded systems, data mining, multi-agent systems)
- Real world applications of neural networks (games, finance, social systems, biomedical, power systems, telecommunication, defense, manufacturing)

IJCNN 2009 will feature invited plenary talks by world-renowned invited speakers, a variety of special sessions and panel discussions aligned with the conference theme, pre-conference tutorials, post-conference workshops, as well as regular technical sessions, poster sessions, social functions.

Prospective authors are invited to submit complete papers of no more than eight (8) pages in IEEE two-column conference proceedings format. Authors should submit their papers in PDF through the online submission system, which will be available through the website:

<http://www.ijcnn2009.com>

Important Dates and Deadlines:

Special Session and Tutorial Proposals – October 15, 2008

Paper Submissions – December 15, 2008

Paper Acceptance Notifications – January 30, 2009

Camera-ready Paper Submissions – March 10, 2009
