2008 IEEE International Ultrasonics Symposium (IUS)

Beijing International Convention Center (BICC)

Beijing, China, November 2-5, 2008 (view: [Conf. Photos/Videos](#) and [Beijing Photos](#) 🌐)

Sponsored by the IEEE Ultrasonics, Ferroelectrics, and Frequency Control Society

In Cooperation with the Acoustical Society of China and the Institute of Acoustics, Chinese Academy of Sciences

(By January 9, 2008, there have been **52930** visits since August 3, 2006) (**52648** by December 31, 2008; **49401** by November 11, 2008)

Please close all browser windows and then restart to refresh pages to view updated contents!

- **405** photos and **14** videos taken during the 2008 IEEE IUS: "[Conference Photos/Videos](#)" 🌐 📷 📹
- Procedures to access **full papers** of the conference proceedings can be found at "[Sessions \(Papers\)](#)".
- Congratulations! Student Paper "[Competition Winners](#)" (see "[Conference Photos/Videos](#)" for photos and videos).
- The IEEE and UFFC **awards** presented during the 2008 IEEE IUS are available via "[Opening Session / Awards](#)".
- Slides (102) and a movie clip of the plenary talk are accessible via "[Plenary Speaker](#)".
- **Statistics** on abstracts, registration, proceedings, and short courses of the conference are in "[Conference Statistics](#)".
- Thanks for the **1021** attendees (including staff and exhibitors) who have made the 2008 IEEE IUS a success!
- Thanks for authors: **917** abstracts were successfully submitted and reviewed among **1194** total in the system.
- There are **674** abstracts in the "[Full Program \(Book\)](#)", and "[Abstract Book](#)" (Invited: **24**; Student Competition: **21**).
- There are **553 papers** in Proceedings ("[Paper Submission](#)" is now closed for both regular and **multimedia** papers).

Events	Open (<i>Estimate</i>)	Deadlines
Abstract Submission: (Link)	<i>April 16, 2008 (Opened)</i>	<i>May, 4, 2008</i>
Paper Submission: (Link)	<i>Oct. 10, 2008 (Opened)</i>	<i>November 2, 2008</i>
Early Registration: (Link)	<i>July 20, 2008 (Opened)</i>	<i>September 12, 2008</i>
On-Site Registration: (Link)	<i>Nov. 1, 2008 (Opened)</i>	<i>November 5, 2008</i>
Hotel Discount Rate: (Link)	<i>April 11, 2008 (Opened)</i>	<i>October 5, 2008 *</i>
Visa Document: (Link)	<i>April 11, 2008 (Opened)</i>	<i>September 30, 2008 **</i>
Exhibit Registration: (Link)	<i>April 11, 2008 (Opened)</i>	<i>July 15 ***, Sept. 15, 2008</i>

- * Please notice that *October 5, 2008* will be the absolute deadline after which none of the hotels would guarantee the rates listed at the link "[Conference Hotels](#)". Rooms in some hotels are gone quickly and it is advised to book the rooms as early as possible.
- ** After the deadline a timely delivery of visa application documents may not be guaranteed.
- *** Company names may not appear in the Advance Program and Abstract Book after *July 15, 2008*.
- **Note:** China uses 220V/50Hz power. Please bring your [international converters/adaptors](#) (1, 2, 3) for your laptops if necessary. Wireless internet will be provided in the conference areas.

General Chair Message

Welcome to Beijing!

The 2008 IEEE International Ultrasonics Symposium (IUS) will be held in the Beijing International Convention Center ([BICC](#)), Beijing, China, from *November 2-5, 2008*. This will be the first time the IUS goes to Beijing, the capital of China. [Beijing](#) is a city of a long history and a great culture. It has served as the capital of China for long periods of times. Therefore, Beijing will be a great tourist attraction for the conference attendees and their guests besides the technical program. As we know, the 2008 Summer [Olympics](#) and Paralympics will be held in Beijing in August and September 2008, respectively. Beijing is preparing for this event by building and improving a lot of infrastructure and cleaning up the environment, and is welcoming hundreds of thousands of visitors. Thus, Beijing will become more beautiful after the Olympics. The 2008 IEEE IUS will take advantage of the improved transportation and vastly increased hotel capacity of Beijing after the Olympics. The BICC is located within the Olympic Complex and thus will be convenient for the conference attendees to visit the complex.

The 2008 IEEE IUS will also bring together more closely the ultrasonics communities around the world with the communities of China and East Asia to further the research and development of ultrasonics theories and applications. The 2008 IEEE IUS is expected to be another success in the history of this annual conference that started in the early [1960s](#) and has grown to have more than 1000 attendees in recent years.

To get a bird's eye view of Beijing and the conference, please click the icon below and visit our mini photo and video gallery.
