

The Executive Committee met on March 9th at the Great Buffet in Manchester NH. The agenda was presented and approved, as were the meeting minutes from February and the Treasurer's report from February.

Most of the chapter and affiliate groups have not yet submitted a Tactical Plan for the year. A Tactical Plan is simply a declaration of each group's plan for the year. How many meetings, and what topics. Also, I am asking that each group strive to put forward a Tech IEEE radio show once this year.

The NH Section still needs volunteers to fill these four roles:

- Membership Development Chair
- Educational Activities Chair
- Publicity Chair
- Humanitarian Technology Chair

There was no old or new business to discuss, and the meeting adjourned before 7pm.

For Congressional Visit Days this year, the section will be sending Sri Rhagavan and Scott Blackstone as delegates. There were fewer volunteers this year, possibly due to the current political climate. Next year I hope the section puts forth more volunteers for this activity.

The section needs volunteers. We need help publicizing meetings, organizing meetings, running booths at local events, judging tech competitions, and creating radio shows. If you would like to volunteer, please contact me. Whether you can commit to something large or small, I would be happy to hear from you.

Note: I am trying to get as many people as possible raised to Senior Member status. It is not too late to be part of this effort. Right now there are 24 candidates who wish to be considered. If you would like to be considered for senior membership status, please email me. The section can nominate you and help you find references.

Until next month!
