MEETINGS & EVENTS

[Designing For Reliability With Reliasoft Software](#) This is a joint event of IEEE Reliability Chapters of Boston, Providence, New Hampshire. Semyon Mikheevskiy of Hottinger, Bruel, & Kjaer, will present how various stages of Design for Reliability (DfR) processes are implemented in ReliaSoft software. Semyon will demonstrate what the DfR framework looks like, where the methods and tools fit in that standard work process, and illustrate with a case study on FMEA, Telcordia, Accelerated life testing and System reliability. This Webinar is free and open to all, but registration is required. 9 Feb 2022, 11:00 AM to 12:00 PM EDT Virtual Event [Register](#)
