

Antennas and Propagation Mini Symposium

Wednesday, June 27

1 p.m.

Syracuse University

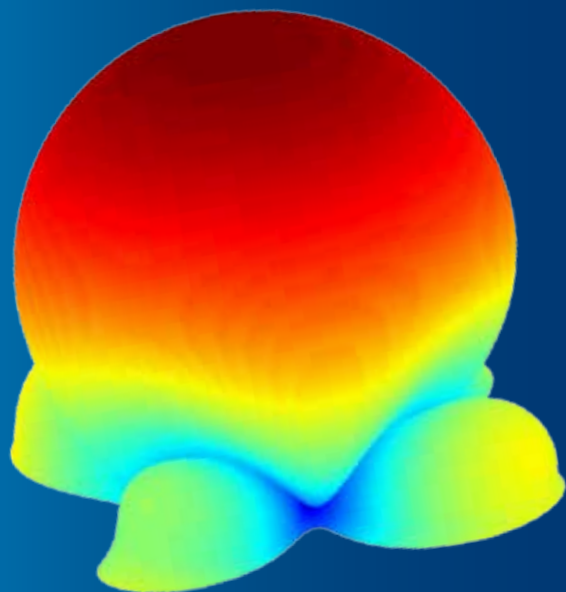

Sci-Tech 4-201

Pizza and refreshments will be served

The AP/MTT/EMC Chapter of IEEE in Syracuse would like to invite you to join us for our first "mini" Antennas and Propagation Symposium. Syracuse University students that have papers accepted to be presented at the "2012 IEEE International Symposium on Antennas and Propagation and USNC-URSI National Radio Science Meeting" in Chicago in July, will give the Central New York community a preview of their work. This will allow the CNY community to keep abreast of the research taking place locally.

Parking for this event is free in the Booth Garage. You must say that you are parking for a CASE event for free parking.

For more information, visit our website at:
<http://www.ewh.ieee.org/r1/syracuse/mtt-ap/mttap.htm>
or contact Michael Enders at: menders@ieee.org

This event is organized by the Syracuse Chapter of the AP/MTT/EMC Societies of the IEEE. Additional support provided by CASE and the L.C. Smith College of Engineering at Syracuse University.
