

Report of the DL meeting on March 13, 2018

AP-MTTs KOLKATA CHAPTER in association with Calcutta University APS-SBC organised a Distinguished Lecture on March 13, 2018 at the CRNN, Salt lake Campus, University of Calcutta. Dr. Yahia M. M. Antar, the speaker of the day is Professor & Canada Research Chair in EM Engg. Royal Military College & Queen's University, Canada. He delivered his lecture on Antennas for Wireless Communications & for sensors: Some Recent Advances & Future Trends. It was a highly interesting and motivational lecture. The event was attended by various faculty members, research scholars and graduate students. We had Prof. Debatosh Guha, Director, CRNN, and Prof. A Chakrabarti, Dean Technology of the University of Calcutta as our special guests. It was a very successful event.
