

IEEE Instrumentation and Measurement Society (IMS)
New Zealand Chapter
2-Day Annual Workshop
on
**Smart Sensors, Measurements and Instrumentation for
Health, Food, Agriculture, Environment and Security**

Date: September 6-7, 2018

Venue: AH3 & AH4, Massey University, Palmerston North

PURPOSE: The purpose of this workshop is to provide New Zealand based researchers, scientists, engineers and students a forum to present their latest research findings and participate in discussions in an informal setting. The time for each presentation is 20 minutes. This forum provides an ideal opportunity for students to receive and contribute up-to-date knowledge of technology, applications and solutions. Industry representatives are welcome to participate as well as exhibit products.

SCOPE: The IEEE Instrumentation and Measurement Society New Zealand Chapter encourages presentations in areas of, but not limited to: sensors, instrumentation and measurement technologies, and their application to health, food, agriculture, environment and security.

ABSTRACT: Title and a short abstract (limited to ¼ page) should be emailed to Karen Pickering (K.L.Pickering@massey.ac.nz) **by 27th August 2018.**

REGISTRATION AND SPONSORSHIP: The registration/sponsorship fees are as follows:
