Coordination Role Appointments
- Membership Development Coordinator (Chanjief became the Vice Chair, so this becomes vacant) – Chanjief provided a brief description of the role.
- Educational Activities Coordinator (new role requested by IEEE) – Volunteers were requested from the committee and it was noted that Nurul had indicated an interest. As Nurul is located in Auckland this might suggest that a shared role between all Sections might be possible.
- Professional Activities Coordinator (new role requested by IEEE) – the need for this role was questioned by the committee as all committee members have this as part of their roles.
- Student branch chair (both Abhipray and Fangfang will finish soon) – Abhipray and Fangfang to pursue succession options in conjunction with their Student Branch Coordinators (Donald and Mengjie respectively).

Committee members to reflect on their ability to fill one of these roles and respond to Yi by email.

Priority is to be given to the Membership Development, Student Branch Chair and Webmaster roles.

Yi to follow up with Nurul re his interest in the Educational Activities Coordinator role and report back to the committee on progress.

Murray to follow up with R10 re the need for a Professional Activities Coordinator role.
- Webmaster (Richard is planning to step down gradually) – Richard provided a brief description of the role and noted the resource material being held by Yi and Murray.
