

# CALL FOR PAPER

## IEEE IWEM 2011

IEEE International Workshop on Electromagnetics:  
Applications and Student Innovation Competition

[web.oit.edu.tw/iWEM2011/](http://web.oit.edu.tw/iWEM2011/)

August 8-10, 2011, Oriental Institute of Technology,  
Taipei, Taiwan

### General Chair

Prof. Dau-Chyrh Chang  
Oriental Institute of  
Technology, Taiwan

Celebrating 125 Years  
of Engineering the Future

IEEE APS/MTTS/EMCS  
/IMS Taipei Chapters

IEEE APS/MTTS Tainan  
Chapter

IEICE  
Communications Society

GEMS

This Conference and Innovation Competition provide a unified and unique international forum for the **Electromagnetics Applications** and **Student Innovation** to exchange ideas in the area of Electromagnetics, including: EM wave propagation, microwave measurement system, mobile phone design and SAR, ISM applications, numerical analysis and modeling, experimental validation, microwave imaging, antenna design and measurement for communications, radars, industrial and automotive applications, EMC/EMI measurements, shielding, interferences and signal integrity, EMC for automotive, transportation, industrial applications and other important topical subjects. All accepted papers should be presented in the conference. The student innovation competition will include the paper presentation and exhibition. **All accepted papers will be appeared at IEEE Xplore digital library.**

The suggested topics for contribution are listed below

- ◆ Applications of Antennas and Related Topics
- ◆ Applications of Propagation and Related Topics
- ◆ Applications of Measurement Systems and Related Topics
- ◆ Applications of Electromagnetics Theory and Related Topics
- ◆ Applications of Simulation and Related Topics
- ◆ Fast and Accurate EM Simulations and Measurements
- ◆ Other important and Related Topics

### Important Dates

Deadline of paper Submission: **31 March 2011**

Notification of Acceptance: **30 April 2011**

### Submission of Paper

Authors are invited to submit original and unpublished research papers. Submitted manuscripts should not exceed 4 camera-ready pages and should be written in English, including all texts, references, figures and photographs. Authors are required to format their material using the iWEM Proceedings template. Please follow the author guidelines to prepare your papers. Detailed author guidelines and templates are available at [web.oit.edu.tw/iWEM2011/](http://web.oit.edu.tw/iWEM2011/)

Secretary of iWEM : Prof. Cheng-Nan Hu
