

Generac Generator Demo

Hosted by the IEEE Orlando PES/PELS/IAS

Date & Time:

➤ Monday February 9th, 4pm – 6pm ...

Location:

Orlando VA CEP Guided Tour

13800 Veterans Way, Orlando FL, 32827. You will need to check at the gate with the VA Police. Parking will be adjacent to the Central Energy Plant. See map below.

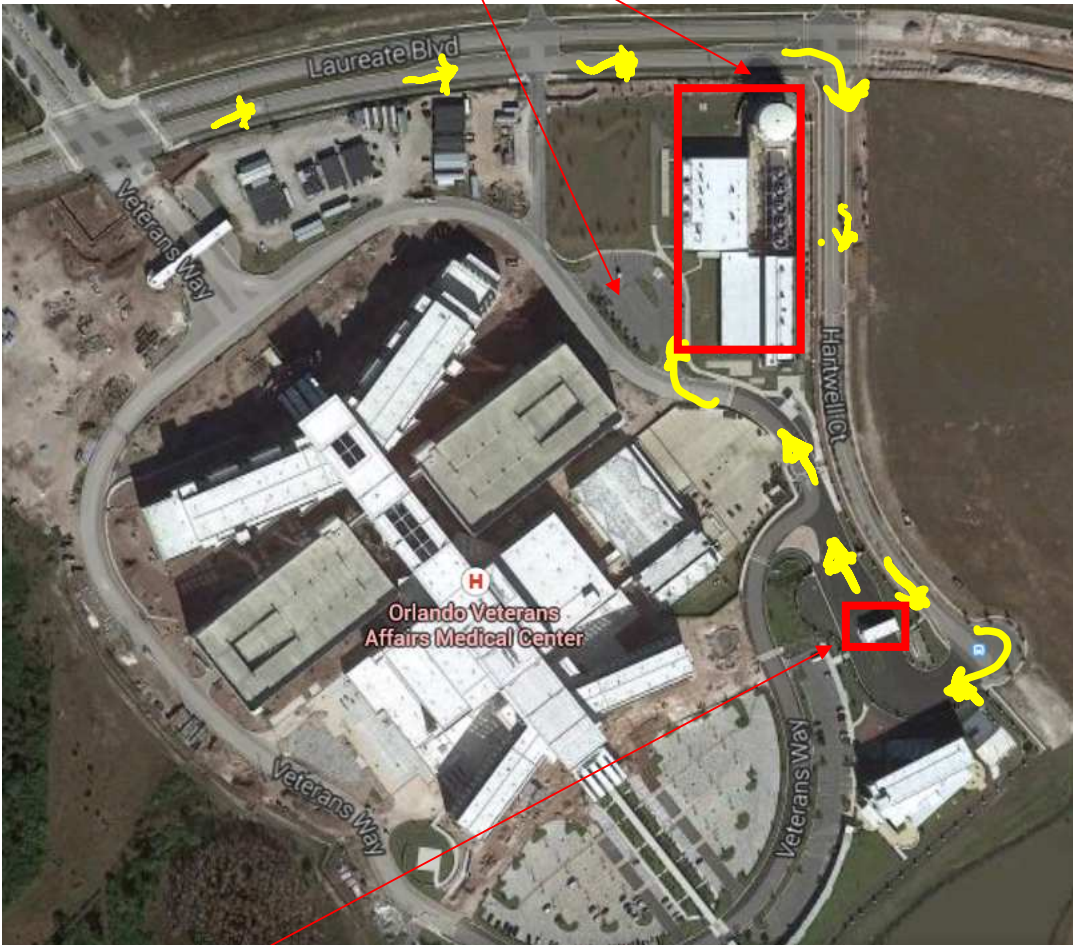

Presentation:

Join the Orlando IEEE PES Chapter and come see the new Orlando VA Central Energy Plant capable of delivering 18MW of emergency power at 12.47KV to two paralleling switchgear assemblies. Each paralleling switchgear receives a total of 9MW of power from four sets of generators each is 2,250KW, 12.47KV, diesel engine, prime rated. This facility boasts a state of the art SCADA system. This is will be a very informative event as well as an opportunity to socialize with fellow engineers.

RSVP by **Thursday February 5th** to simonecheverry@ieee.org. You will need to present your ID for entry at the gate.
