Iowa-Illinois Section IEEE Meeting - May

Visit the Iowa-Illinois Section Website: <http://ewh.ieee.org/r4/iail/>

DATE: Wednesday, May 21, 2008

TOPIC: Westinghouse: The Life and Legacy of George Westinghouse (Movie)

Westinghouse is a feature-length documentary about the life and times of George Westinghouse, his companies, legacy, personality and achievements. George Westinghouse is considered America's greatest industrialist and the only man who would go up against Thomas Edison, and win. His victory over Edison during the Battle of the Currents set the stage for the entire future of electric power and the Westinghouse air brake is considered one of the most important inventions in history. Automobile shock absorbers, railroad signaling and the modern day weekend all owe their existence to the man who Andrew Carnegie called "A genius who can't be downed."
