

Dear Members,

The 2005 IEEE International Conference on Electro Information Technology will be held in Lincoln, Nebraska, May 22-25, 2005. The URL for the conference is <http://www.nuengr.unl.edu/eit2005/>

The preliminary program is in conference schedule under IEEE Logo. It includes variety of topics in information and technology in addition to the keynote and plenary speeches. The professional track that will run in parallel with the technical sessions includes:

1. Project Management Workshop by Dr. Tarek Lahdhiri, GM, on Monday 5/23/2005 10:30 AM – 4:45 PM, 5 PDH
2. Power Quality 1/2 day (panel session) moderated by Mr. Neil Engleman, Lincoln Electric System, VP of operations panel members from Omaha Public Power District, Lincoln Electric System, and Nebraska Public Power District. 4/24/2005 8:30 AM -12:00 Noon, 3 PDH
3. Power Grid Management (1/2) day planed for Tuesday afternoon (4/24/2005) 1:30-5:00 PM, 3 PDH
4. Leadership Development Workshop by Dr. Charles Rubenstein (4/25/2005) 8:30 AM-12:30 PM, 4 PDH

All attending these workshops will receive a certificate citing their participation and earned professional development hours (PDH). These hours may be applied towards the hours needed to meet the professional certification requirements.
