eNotice – Creation

Select “Create eNotice”

There are two types of eNotice. They are eNotice Express and regular eNotice. eNotice Express is automatic, has no delay, and does not require IEEE staff time. Regular eNotice has a 2 to 5 day delay and requires staff time to send out.

The screenshot shows the eNotice web application interface. At the top, there is a navigation bar with links: Home, Manage eNotices, Contact, About, and Help. Below this is a "Create eNotice" button. A status filter bar shows "Viewing: Draft, Submitted and Pending" with buttons for "Show All", "Draft", "Submitted", "Sent", "Pending", and "Canceled". The main content area displays a table of eNotices with columns: Subject, Section, Target OUs, Status, Last Status Update, Owner, Send By, Reminder By, Priority, Type, and Action. The table lists 10 entries, including "138", "2018 IEEE PES Houston", "3D Integration in Adv", "5", "A SPECIAL INVITATION", "arka", "Baton Rouge April Mee", "Communicati Societ", "Consultants", and "Copy of Calling for v". At the bottom, it shows "Showing 1 to 10 of 163 entries" and pagination controls.

The screenshot shows the IEEE eNotice creation interface in a web browser. The browser's address bar displays the URL <https://enotice.vtools.ieee.org/mailings>. The page title is "Add eNotice". The form includes several sections:

- *Subject:** A text field containing "eNotice id 34131".
- *To:** A dropdown menu with options "R50005 - Central Texas Section" and "R5 - Southwestern USA - Region 5". Below it is a "Search OUs:" text field.
- *Membership Grades:** A dropdown menu with "All IEEE Members" selected.
- *Membership Status:** A dropdown menu with "Active" selected.
- Schedule Reminder:** A text field with the placeholder "mm/dd/yyyy".
- Privacy:** A checkbox labeled "Private Mailing" which is currently unchecked.
- Special Requests:** A text field containing "Comments/Special Requests for eNotice admins."
- Attachments:** A section with a "Choose Files" button and the text "No file chosen".
- *Send By:** A text field containing "06/01/2018".
- From (ieee.org email):** A text field containing "enotice@ieee.org". Below it is a link: "Sign up for an ieee.org email account".
- From (name):** A text field containing "IEEE eNotice".
- Reply to (email):** A text field containing "j.redfield@ieee.org".
- Reply to (name):** A text field containing "Joe Redfield".
- Priority:** A dropdown menu with "Normal" selected.

At the bottom of the form is a rich text editor with a toolbar containing options like File, Edit, Insert, View, Format, Table, and Tools. The editor's content area says "Please insert your eNotice content here." Below the editor are three buttons: "Cancel", "Send Express", and "Submit". To the right of the "Submit" button is a "Save" button. A red arrow points from the "Save" button to the text "You can save a draft OR send directly".

What is the GDPR?

- ▶ **The General Data Protection Regulation (GDPR)**

- Intended to strengthen and unify data protection for all European Union (EU) citizens and individuals within the EU
 - Instituted by the European Parliament, the Council of the European Union, and the European Commission
- ▶ The GDPR's primary aim is to give control back to citizens and residents over their personal data.
- ▶ Because of its extraterritorial aspects, international businesses will be impacted by the regulation

GDPR Went into effect 25 May 2018

Who Does the GDPR Apply To?

- ▶ GDPR applies to organizations:
 - Established in the EU or
 - Process the personal data of EU individuals, whether or not the organization was established in the EU
 - IEEE meets these qualifications and is subject to GDPR
- ▶ GDPR protects the personal data of individuals. Examples include:
 - Name
 - Photo
 - Email address
 - IP address

Why is Compliance Important?

- ▶ Organizations can be fined up to 4% of annual global turnover* for breaching the GDPR or €20 Million, whichever is higher.
 - This is the maximum fine that can be imposed for the most serious infringements
 - e.g., deliberate violations, not having sufficient customer consent to process data, or violating the core of Privacy by Design concepts.
- ▶ Regulatory agencies may also be permitted to enforce other penalties such as deletion of personal data and placing limitations on interactions with citizen of EU member states.
- ▶ Individuals can be held personally liable if the data access and use policy is in place, but is blatantly disregarded

* *Global Turnover/Revenue*

GDPR Overview

IEEE understands that, in an increasingly data-driven world, keeping personal data private is becoming more difficult. Most importantly, we care about you and respect and value your time. IEEE wants to ensure that we provide to you the tools necessary to perform your IEEE responsibilities in a compliant and efficient way.

A new regulation called the General Data Protection Regulation (GDPR) takes effect on 25 May 2018 and is expected to have far-reaching impact on how business will be conducted worldwide.

IEEE has been carefully reviewing and redesigning its privacy policy, business processes, and how IEEE collects, uses, shares and retains the personal data of its members, customers, volunteers, and professional staff worldwide.

For IEEE volunteers, the current process of collecting personal data and emailing on behalf of IEEE will change and impact your day-to-day IEEE volunteer activities. A new process for collecting and using personal data will be communicated.

For IEEE members, IEEE respects your privacy and wants to honor the way that you wish to receive communications. Control is in your hands. Our goal is to continue to provide our members with valuable IEEE updates, information on new products and services, and opportunities in a way that best fits each member. You will be asked to provide consent for us to continue to share the communications you value and may already receive.

Please continue to visit this site for continuous updates.

What Can You Do Now

- ▶ ALL IEEE volunteers must become knowledgeable on how to comply with the regulation
- ▶ If you are not using vTools eNotice, consider making the switch for your email communications.
 - eNotice will automatically apply all the necessary communication preferences thereby keeping you compliant with GDPR.
- ▶ If you are using ListServ, insure your list is managed, has a welcome message, and the opt-out text at the bottom of every Email.
- ▶ Take the time to delete any old member lists you may have stored locally.

GDPR FAQ

https://supportcenter.ieee.org/app/answers/detail/a_id/3023/kw/gdpr

- ▶ Be engaged—this impacts all of IEEE including all partners that we work with
- ▶ Ask questions (privacypolicy@ieee.org)
- ▶ Be alert for communications about GDPR (see FAQ)
- ▶ Be prepared to communicate and take action within your Chapter
- ▶ Be patient
- ▶ Best practices for handling private data, consent and compliance language, internal operational changes etc..., for an association with our global reach, do not exist. They are being developed and will be available shortly.

PACE

The screenshot shows a web browser window with the URL ieeer5.org/member-opportunities/professional-activities-pace/ in the address bar. The browser's tab is labeled "IEEE Professional Activities (PACE)". The website header includes the IEEE logo and the text "Advancing Technology for Humanity". Below the header is a navigation bar with links: Home, News, Areas, Governance, Awards, **Membership Activities** (circled in red), and Contact. A search bar is located below the navigation bar. The main content area is titled "IEEE Region 5 News and Information". On the left side, there is a sidebar with a list of links: Life Members, Region 5 Educational Activities Programs and Services, Student Activities, Young Professionals, Women in Engineering (WIE), **Professional Activities (PACE)** (circled in red), and Standards Association (SA). An arrow points from the circled "Professional Activities (PACE)" link in the sidebar to the main content area. The main content area has a sub-header "Professional Activities (PACE)" and a section titled "Professional Activities". The text in this section states: "IEEE-USA makes funds available for the support of professional activities in IEEE Sections and Societies. The funds are managed and distributed through the Region. The R5 funding request form (no login required) and other documentation is available in the [2018 PACE folder](#)." It then explains the process for obtaining funding: "In general, to obtain funding, a Section or Society PACE Chairs must complete a Section Project Plan and Financing Request form, obtain supporting signatures, and file the form with their Regional PACE Coordinator. The forms are available here: [IEEE-USA PACE funding form](#)." It concludes with: "When a project is completed, the Final Project Report form must be filed with the same individuals. If you have questions, please contact the [Region 5 PACE Chairman](#) at pacechair@ieeer5.org."
