Notes from the Chair

This has been a busy six months for the Montana IEEE section, with four guest speaker meetings, our annual banquet and the MSU ECE department/IEEE picnic. The student chapter has been active as well, co-sponsoring one meeting with the section as well as the picnic, and holding several activities of its own, including a tour of the KUSM studios.

As we move into the summer months, we are looking forward to one more section activity, a joint picnic with the HAM club scheduled for field day. See details below.
