Students, spouses, and non-members are all welcome.

Keynote speaker:

Dr. Dave Lageson
Professor of Structural Geology
Department of Earth Sciences, Montana State University

Electrons, Geology and Wine: The Elements of Terroir

This presentation will cover the essential elements that comprise the terroir of different wine producing regions. France, California, the Pacific Northwest, and Argentina will be used as examples to illustrate the impact of bedrock geology, soil, elevation, climate and other factors on terroir.

Dinner Menu

Tossed Green Salad with Ranch Dressing and Balsamic Vinaigrette

Whole Grain Dinner Rolls and Mini Croissants with Butter

Black Sesame-cured Beef Tenderloin with Cabernet Hoisin Sauce

Chicken Marsala

Garlic Mashed Potatoes
