

Joint IEEE Photonics Society and OSA Student Chapter Meeting

Keynote speaker:

Professor Osamu Wada

**Center for Collaborative Research and Technology Development (CREATE)
Kobe University, Kobe**

***Currently: Visiting Professor at:*
Dept. of Physics, National Tsing Hua University, Taiwan
Dept. EE Eng., University of Sheffield, UK**

PROGRAMME

Venue	Room DB114 of the David Brewster Building – Heriot-Watt University.
1:45 - 2:00pm	Registration and Introduction – Professor Ajoy Kar, Heriot Watt University.
2:00 - 2:30pm	“Optical Waveguide Structures Fabricated by Ion Beam Implantation and Ultrafast Laser Inscription in Laser Crystals”, Yingying Ren, Heriot-Watt University and Shandong University.
2:30 - 3:00pm	"Experimental Eleven-Dimensional Two-Photon Entanglement" Adetunmise Dada, Heriot-Watt University.
3:00 - 3:30pm	"Biological applications of Photofluidics " Debaditya Choudhury, Heriot Watt University
3:30 - 4:00pm	Coffee Break
4:00 - 5:00pm	KEYNOTE ADDRESS "Ultrafast Photonics and Nanostructured Semiconductors" Professor Osamu Wada
