It is time to start thinking about Leadership training for your new section officers either 4Q2011 or 1Q2012. Why not get them off to a quick start?

You may

- (1) Schedule a Leadership Development Training Session for your council or section. I will be happy to assist with materials and speakers.
- (2) Prepare your own Leadership Development Training based on readily available materials.
- (3) Review the materials and ask questions.

New Section Leaders should attend, as well as any leader who would like a review. If you have topics to request, please notify merandall@ieee.org.

If you would like assistance in planning Leadership Development Training, please contact merandall@ieee.org.
