Summary

The goal of this document is to provide an accurate depiction of where I stand as the Region 3 IEEE GOLD Coordinator.

Plans for 2012

My current plans include completing the required after action reports for the recent STEP/S-PAC meeting held at University of Alabama at Birmingham. After these documents are completed I intend on organizing a GOLD event to discuss how the Alabama Section can become more involved in the IEEE's Humanitarian efforts. I will also be hosting a webinar with the other GOLD Section Chairs at the end of May to discuss the state of their respective sections.

Contact with Sections

1. Successfully executed IEEE GOLD STEP function with S-PAC speaker at University of Alabama at Birmingham. We had 51 people in attendance with student members from University of Alabama, Auburn, and UAB.
2. Hosted 30 minute webinar with GOLD Section Chairs from Region 3. Only 50% of the section chairs were able to attend. Atlanta section has a meeting setup for Tuesday April 24. 7 members are expected to attend. A humanitarian efforts project was discussed as a competition between the sections.
