Sb: Region 3 Director Report
Dt: 19 November 2012

As Director Green has already mentioned, the N&A Committee has solicited, evaluated and recommended three Region 3 Director Elect candidates for tonight's Excom discussion. Please be prepared to select two of these candidates for the election process or recommend different candidates.

Shortly, the N&A Committee will begin discussions for candidates for the Region 3 2013 Excom. All positions (except Director and Director Elect) will be open for nominations. Let me know if you know of worthy candidates for the Region 3 2013 Excom.

As the Region 3 Past Director, I enjoy mentoring several Committees,

- Membership Development
- Employment Assistance / Career Services

Membership Development continues to be a challenge for Region 3. [We are still losing members](#). We do need your help in the current [renewal phase](#) of our IEEE Business Year. Please encourage your fellow members and your Sections to renew before the end of the calendar year. New members are also welcome. Please make sure that you support your local Section Membership Chair. If you have any questions, please contact your Region 3 Membership Chair, Bill Williams billwill@ieee.org or myself Lee Stogner l.stogner@ieee.org For immediate Membership Development help or materials, please go to www.ieee.org/md

Employment Assistance also continues to be a challenge for Region 3. NASA, the military and engineering companies continue to reduce their staffs. For help, please contact your Region 3 Employment Assistance Chair Ed Kirchner ed.kirchner@ieee.org or myself Lee Stogner l.stogner@ieee.org We still support the Region 3 Employment Assistance web site www.ieee.org/r3jobs

While still effective as a job resource, we are planning major updates to be complete by Jan 1. Let me know of any features or resources you would like included.

Finally, don't forget that we need every one's participation to make the IEEE a lead organization in the Southeast. With your help, we can make [The IEEE Network](#) an important resource not only for members, but also for other entities that need our experience and our members.

Sincerely,

Lee Stogner
2010 - 2011 Director, Region 3

Chair, IEEE Transportation Electrification Initiative
Member, IEEE Public Visibility Committee
