I have been in contact with all 4 Sections in Area 1. I have been informed that all Sections are planning on sending a representative to Sections Congress in Amsterdam.

I have been contacted by the Richmond Section about the potential of hosting a summer "picnic" open to Area 1 members. The idea of having an IEEE day at either Kings Dominion or Busch Gardens has been proposed. They are continuing to look into this possibility.

I have been working with the Hampton Roads Section with their planning for SoutheastCon 2016 (I am also serving as Co-chair). We are currently awaiting approval of the MOU by the Region before we can finalize the contract with the property.

I have been also contacted about potentially hosting student training in the Fall. I have not been able to contact local Universities to see if they are willing to host. I will try and see if I can get something scheduled at either UVA or PVCC. Other options may be JMU, VMI, or VCU.

Sean
