## **Leadership Committee Chair Report**

### **IEEE North Carolina Council Leadership Training Program on 9/27/2014**

We had a very successful North Carolina Council Leadership Training Program at Greensboro, North Carolina on 9/27/2014 with 32 attendees. There were several very positive comments from participants. The following officers helped to make this Training Program very successful. The local section helped to arrange the Training at North Carolina A&T University, Greensboro. I am sure that that we could not have done it without major help from all of you.
