SoutheastCon 2016 Steering Committee is well underway. Several members of the Steering Committee are here this weekend to help out and shadow their counter-parts from this year's conference. Also, VisitNorfolk and the Marriott property Norfolk have also attended this year so they can promote next year's host city and property. It also provides our hosts to witness a SoutheastCon and make sure that we have a success conference next year. Have a good a weekend and I look forward to seeing you in Norfolk, VA March 30 – April 3, 2016!
Sean
