We have discussed the possibility of a fall meeting for volunteer training, student training, technical papers, and other activities.

To best assess a fall meeting, Jim Conrad will head up a small team to analyze the following:

- All possible activities that **could** be held in the fall as a part of the meeting/conference
- The cost of each activity individually
- The benefits of each of these activities
- How to hold a meeting that is revenue/expense neutral
- Where to hold a fall meeting

Right now I need three volunteers to help with this task. The deadline will be to report to the Excom by March 19, 2018.
