The PAC is making good progress on its goals for 2018.

- Six sections have requested and been approved for over \$6,000 of funding for PACE activities. Nearly \$9,000 funding is still available, and all sections are encouraged to apply as soon as events are planned. The PACE Fund Request and Report Form is attached.
- The first PACE committee meeting is planned for later this summer.
- Lee Stogner participated in Congressional Visits Week in DC May 7-10
- Several of the PACE funding was for K-12 STEM activities.
