The Strategic Operations and Support Committee (SOSC) met most recently on 1 June. The committee reviewed the IEEE responses to the pandemic as well as looking at strategies for the rest of the year.

The committee reviewed a packaged release of the Operations Manual and endorsed it for adoption by the ExCom. Its approval is on the ExCom agenda as an action item.

An Ad Hoc Committee chaired by Gregg Vaughn presented an interim report and received feedback from the committee.

We collected and reviewed the progress reports on [Region goals](#) from designated Leads and prepared a mid-year report. This report is on the discussion agenda for the ExCom.
