

# Sections Congress

*Kristin Bing*

# Selected Recommendations

- ▶ #4: Create a 3-5 multi-year IEEE membership fee structure with discounts
- ▶ #10: Provide continuing education to provide true value added for working professionals
- ▶ #8: Provide resources to Sections to serve industry professionals and engage with local industries

# Other Recommendations

- ▶ The R3 recommendation on YP tiered membership is already being implemented, so it was not considered.
- ▶ The "Outreach for Local Industry" recommendation was incorporated into SC Recommendation #8, which was one of the selected Recommendations! This is also important because of the NIC project to create an Industry Relations Platform, being led by Region 3's Subodha Charles.
- ▶ The "Improve Section Operations" was incorporated into SC Recommendation #11, which was not selected. MGA is constantly working to try to improve section operations. An ad hoc committee will be reviewing and developing action plans related to the selected recommendations.

# Notable R3 Members @ 9/15 WebEx

- ▶ AJ Burke was one of the first individuals to submit the "homework" related to what we did during Covid-19, and won an IEEE flag!
- ▶ Tamseel Syed submitted homework about a Communications Society Chapter lecture series in the Atlanta Section, which was one of ten activities that was highlighted at the meeting.
- ▶ Nelson Lourenco and Sharlene Brown served together on a winning VoLT project (2019) which was presented by Nelson, related to Senior Member Elevation Events.
