Committee Notes:

The MCC initiated a successful eNotice Monthly Blast on November 4th, 2020. Several reports of meeting attendance increased this month, due to expanding our local Section virtual meeting to include the entire region.

The December R3 Member Communication eNotice will go out at the end of this month, so click on the link below to submit your meetings (via Google Docs) and allow anyone in R3 to attend.

1) The Member Communications eNotice Initiative – This Monthly Email Blast will continue to invite all members of Region 3 to participate in virtual meetings that are hosted by any Sections in our Region. An email will be sent out to all Section Chairs each month during the 3rd week, requesting that Section's submit the meetings/links for registration to sessions that they welcome other R3 attendees to participate. In the midst of Covid-19 and Zoom environment, it would be advantageous to let all members to attend any of the meetings that they wish to attend. This is a win-win for knowledge sharing and professional development for our members. During the 4th week, or end of each month, another email will be sent to all R3 Members letting them know about the upcoming meetings for the following month. This eNotice initiative continue throughout Covid-19 and possibly beyond, if it is effective and has successful participation.

2) The Fellows Application WebEx – Dr. Hulya Kirkici conducted an informational Webinar on submitting a Fellows Application on 11/12/2020 at 6:00pm, with 20 IEEE members in attendance. For information on submitting your Fellows Application, obtaining references, or for a copy of the presentation slides, please contact hkirkici@southalabama.edu

The next IEEE R3 MCC meeting will be held on Tuesday, December 1st, 2020 at 6:00pm
