

IEEE Huntsville Section

Section Chair: Leandro G. Barajas, Ph.D., Dynetics (Leidos)

➤ **Greatest 2020 success:**

- Successful transition to virtual technical and social events to maintain member engagement
- Charter of a new Power and Energy Society Chapter
- Securing new Section, Chapter, and Affinity Groups officers/volunteers for 2021

➤ **Greatest 2020 challenge:**

- Member retention and diminished number of technical activities due to social distancing
- Marginal student engagement due to COVID constraints

➤ **Top 2021 Goal:**

- Increase engagement with local university chapters
- Increase Senior Member and Fellow Elevation Nominations at round up event
- Continue to increase the number of joint virtual events organization and participation
