

I'm looking forward to SoutheastCon 2022, and we have a full schedule planned. Our meetings start Fri morning at 8:00. They include committee reports, training on vtools, OU Analytics, NextGen, automatic website updates, hosting conferences, growing your section, and much, much, more. Andrew Seely will be running Sr. Member roundups, so it's a great opportunity to apply for Sr. Member. The MOVE truck will be on site, and you are encouraged to take a tour. On Friday evening, we will have a welcome reception, and on Saturday morning, WiE is presenting a panel of talented women at a breakfast. The breakfast is only \$10, and you will be glad you spent the time and money to attend.

I want to thank the entire SoutheastCon 2022 team for all their hard work to make this meeting a success. It has been a long two years since we've been able to get together, and I'm looking forward to a successful SoutheastCon.

According to the [CDC](#), the COVID-19 Community Level in Mobile County is LOW, and the CDC recommendation is COVID-19 vaccines and to get tested if you have symptoms. Naturally, the situation can change over time, and you should check the community level at the beginning of SoutheastCon. Masks will be provided for all attendees.

As always, thanks for all you do for IEEE, and I'll see you in Mobile!

Respectfully submitted,  
Theresa Brunasso  
IEEE R3 Director
