

# Miami Section

## *Leadership Team*

- Section Chair: Dr. Juan J. Farah
- Section Vice Chair: Prof. Osama Mohammed
- Section Treasurer: Prof. Osama Mohammed
- Section Secretary: Mr. Ahmed Soliman

# Miami Section

## ➤ Greatest 2021 Success:

- Section nominated several members for senior membership and Fellow.
- Section hosted the National Engineers Week Future City Competition
- Section provide some travel support to students register and present their work in major IEEE conferences (i.e., IEEEIC, PES, ECCE, IAS annual meeting).

## ➤ Greatest 2021 Challenge:

- Getting professional volunteers to help support section activities on a regular basis.
- Industrial Support is difficult to get, especially at this time.

## ➤ Top 2022 Goals:

- We plan new workshops on topics such as (Business Start ups, Government Relations, Diversity and Culture of Inclusion). Two Distinguished Speake lectures are also planned.
- The section is planning significant technical and professional activities as well as some social events for the next several months.
- Our Technical Society Chapters and affinity groups are planning technical and Professional events over the next few month.
