### IEEE R3 ARC Report for August 15, 2022

#### General Updates

- I've been dealing with some issues with our OpenWater awards portal. However, the issue has been resolved this morning. I've updated the awards portal with the updated and approved awards descriptions for our past awards and our new EAC Chair Award.
  - I will plan to open the portal in the next few days. We will still open the call for nominations well ahead of our required Sept. 1 date (ARC Manual)
- Please consider submitting nominations to the IEEE-USA and IEEE MGA awards.
  - In particular, I would like recent award winners and their nominators to consider submitting nominations to these prestigious awards
- Once the awards portal is finalized, I plan to work with the Webmaster to advertise other IEEE awards on our ARC page.

#### Upcoming Award Deadlines

- IEEE-USA Awards (September 15): <https://ieeeusa.org/volunteers/awards-recognition/>
- IEEE MGA Individual Awards (September 25): <https://mga.ieee.org/awards>
