To: Patrick Donohoe <p.donohoe@ieee.org>;r3-excom2023@ieee.org <r3-excom2023@ieee.org>;Region 3 SOSC Committee <r3-sosc@ieee.org>;IEEE Region 3 Sections <sec-r03@ieee.org>

Region 3,

Note: Registrations have closed but you can still send a note to Russ Harrison (r.t.harrison@ieee.org) for a "late" registration. Region 3 needs to have representation.

Thanks,

Lee Stogner

IEEE-USA Congressional Visits Day will be In-Person on Capitol Hill in 2023.

Join us in Washington as we greet the new Congress

CVD's Objectives

CVD is an opportunity to introduce yourself, your colleagues, your company, and your profession to our elected officials. It also a great opportunity to discuss legislation and issues that are uniquely important to IEEE members.

Schedule

Participants will begin on the afternoon of April 4th with a detailed training session and policy briefing, given by IEEE-USA's legislative professionals. You will then spend April 5th on Capitol Hill meeting with your Legislators and/or their staff to discuss technology policy in the new Congress.

Training Videos

In addition to the in-person training on April 4th, IEEE-USA will hold virtual training sessions for this year's CVD. Each session will be livestreamed and the recorded sessions will be available for on-demand viewing. The training videos from the 2022 CVD are available below and can be viewed on-demand.
