

Area 4 Report: October 23 to November 27, 2023

Summary: All area 4 sections reported meetings with the exception of Chattanooga and Tri-Cities (inactive). An IEEE MOVE truck event is in the works for December 6 through 10 in Lexington, Louisville, Central TN (Nashville), Tri-Cities (Johnson City, TN), and Asheville, NC. Nashville and Tri-Cities still need to confirm location. Through this event, I have finally made contact with members of the Tri-Cities section (with the help of Charles Lord) and hope to generate some interest in re-activating the section.

Section, Event Title	Event Date	Category	Virtual?
