All,

I have officially transitioned into the Area 2 Chair role after SoutheastCon 2024, and since then I have been busy getting acquainted with the roles and responsibility of this position. On April 30, I met with Wyman Williams, who provided a summary of his latest activities and passed several documents containing contact information for each section in Area 2. I also contacted each section chair and requested a virtual meeting to discuss goals for 2024 and support from the region.

Moreover, I reviewed all section officers and identified those sections that need most attention. Some sections still have officers reporting no end date, while others miss key officer roles. My next goal is to work with each section to make sure the election process is well represented and that all officers are clearly identified and reported in vTools. Also, I plan to check on the number of meetings to make sure each section has the required minimum number of meetings for 2024.

Best Regards,

Alessio Medda, Ph.D.

Area 2 Chair, IEEE Region 3
