Subject: Columbia Section June 2024 monthly report

Dear Pat,

With most of the Columbia Section Executive Representatives on the summer semester break, our report is quite brief:

The Columbia Section is busy readying itself for the upcoming election of new Section Officers and election of officers for its LMAG (Life Member Affinity Group.)

We are also planning for the next slate of technical meetings starting this fall, supporting our members in their Senior member upgrades with the next Senior Member Roundup being planned. And support for the IEEE ICDCM 2024 (International Conference on DC Microgrids) being held at the University of South Carolina in Columbia this August.

Regards,
Angelo

Angelo Ferraro
Chair IEEE Columbia Section
Founding and Interim Chair Columbia LMAG
