

IEEE HTB Report

September 2024

Varadraj Gurupur, Region 3 Representative

What is MOVE Global ?

Changes in the definition

MOVE acronym - the acronym was changed to remove “vehicle” so the focus was on volunteers, not the vehicles, as some locations do not have vehicles.

IEEE MOVE Strategic Plan

Mission

- ▶ IEEE MOVE Global brings mobile disaster relief and outreach to support disaster responders with communication and power, while engaging in STEM education and community outreach to enable preparedness and mitigation against natural disasters.

IEEE MOVE Strategic Plan

Vision

- ▶ IEEE MOVE Global envisions being recognized as a key leader in disaster relief due to mobile solution-based entities and globally valued as a key player in the support of emergency responses and community-based education, resiliency, and innovation for the preparation and recovery from natural disasters.

IEEE MOVE Core Values

Core Values

- ▶ **Trust:** MOVE Global will strive to be a source of support and information on disaster relief and community outreach that a person can truly rely on, and is non-judgmental. We take responsibility through accountability in all our functions.
- ▶ **Growth and Nurturing:** Foster ongoing education and professional development in the field of STEM to maintain an educated and active volunteer base. This commitment provides for growth and nurtures the newest participants in the field.
- ▶ **International Community Development:** MOVE Global facilitates stimulating and holistic engagement between international technical experts and diverse communities. We strive for better resilience and disaster response through committed collaboration and involvement across the globe.

IEEE MOVE Core Values

Core Values

- ▶ **Partnership:** We subscribe to and engage in responsible partnerships with our stakeholders and partners respectively, based on mutual respect and joint investment. We design our partnerships to continue developing program effectiveness to attain shared goals.
- ▶ **Service to Humanity:** We utilize technology and engineering for humanitarian purposes, focusing on disaster relief and the promotion of humanitarian technologies. Our work is motivated by a passion for improving human well-being.
- ▶ **Innovation and Excellence:** MOVE Global embraces innovative solutions in pursuing excellence in all aspects of disaster relief and community outreach. We are committed to the development of technical solutions that meet humanitarian needs effectively.
