

IEEE R3 Melbourne Section Report

SEPTEMBER 23, 2024 R3 EXCOM MTG

- **Issues requiring action by the Region 3 Committee or ExCom**
 - None
- **Success/Opportunities for Engaging the Member, Volunteer, Non-Member, Public**
 - Our Section is working closely with the all Area3 Sections to maximize our meetings and events. Thus far in 2024, we cooperated in most events that have been held to date
 - Our Section meetings are currently scheduled for odd months, on the second Wednesday of the month with possible exceptions, Hurricanes & and other meeting conflicts
 - Our next section meeting is scheduled for September 25th, 2024 which includes a presentation by a national manufacturer: INTEPRO SYSTEMS, with emphasis on product knowledge and application
- **Notable Section Activities (Positive and Negative)**
 - We continue to participate and share with as many Area3 Florida sections as possible on our events and those events that we are invited to. Case in point is our IEEE R3-AREA3 CONFERENCE: NATIONAL CYBERSECURITY currently scheduled for October 5th, 2024. We have received great response and have already booked the seven speakers programmed to participate and have over 50 registrants. Speakers include Cyber Florida, Col. S. Shannon DaSilva, from PATRICK SPACE FORCE BASE, CANAVERAL FLORIDA amongst other experts in CYBER SECURITY
 - Whenever virtual events are promoted by other Area3 sections, we distribute the invitations to our membership so that they have the option to attend as well
 - With SUMMER 2024 in the past, the Melbourne Sections events schedule is getting filled for the balance of the year:
 - September 25th – Section EXCOM Meeting & INTEPRO SYSTEMS Product Presentation
 - October 5th – IEEE R3-AREA3 CONFERENCE: NATIONAL CYBERSECURITY
 - November 13th – Melbourne Section EXCOM Meeting
 - December 14th – Melbourne Section’s Awards & Holiday Banquet
