The PA Committee was unable to meet at its scheduled September 05, 2024 meeting.

However, PAC Approvals and budget balances remain as follows;

Approvals - USD 6,650.00 to seven (7) sections, one ((1) Student Branch and one (1) WIE Affinity Group as of August 24, 2024.

Budget Balance - USD 8,350.00 remaining on the budget for 2024 to assist Sections and Affinity Groups with their activities.

R3 ILN Courses project

We are in communication with EAB to develop a customized promotion for R3 members to access ILN courses at reduced cost. You will hear more about this soon.

We have published an article in the most recent R3 newsletter where we have featured a few of the Sections that received fPAC funding this year. They have shared their experience with the PAC funding process. I hope you got a chance to read the article and to send me your funding request for your events as we still have funds to support your non technical but professional events.

We have also made a call for funding requests across R3 through the Membership and Communications Committee (MCC) monthly eNotice. Thanks to Andy and his MCC team who have further promoted the call for funding request on the R3 social media platforms. I have also personally reached out to some sections to advise them that they could send their events for review of eligibility for funding. Special thanks also to Bailey who continues to promote PAC to Students as I have received a number of queries from Student Branches about PAC funding process.

Our next scheduled PAC meeting is October 03, 2024.

Respectfully Submitted

**Kind Regards,
Sharlene Brown**

The PA Committee held its most recent meeting on August 01, 2024.

Since our last meeting, we approved PAC Funding to the University of Kentucky Student Branch welcome Back picnic.

R3 ILN Courses project with Professional Development Hours (PDH) and Continuing Education Hours (CEH) discount has ended with a total of 9 courses sold to Region members. PAC is now exploring new promotion ideas with EAB that will be specifically customized for Region 3 members. We are aiming to launch for IEE Day 2024
