

Section Support Committee

November 22, 2024

The Section Support Committee was responsible for two Region 3 goals in 2024 and co-responsible for one goal with Student Activities.

- Goal 2 – Three webinars were offered by the SSC in 2024 to help volunteers with OU Analytics and the election process. Several more webinars are planned for 2025.
- Goal 5 – With the student activities committee, all the Student Branches were matched with their home Sections and a list of officers each Section. The information will be posted on kb.ieee.org/r3 by the end of the year.
- Goal 8 – The Region 3 microvolunteering event cookbook is almost done being updated by the SSC. The old version is on kb.ieee.org/r3 and the updates will be posted in the same location soon.

The WIE Forum USA East was held November 7-9 in Connecticut. Our very own Jill Gostin was a keynote speaker and the R3 WIE Coordinator, Ebonee Walker, attended. <https://attend.ieee.org/wie-forum-usa-east-2024/>

Senior Membership Elevation Committee (SMEC) - November 25, 2024

The Senior Member Elevation Committee (SMEC) underwent a reorganization in October, with David Fillion and Anthony Perales now serving as Co-Coordiators of the Committee.

The final Senior Member (SM) Roundup for 2024 was conducted asynchronously on November 2, 2024. This approach allowed nominees and their references to determine the timing and method of their meetings to complete the reference process. A total of 25 applicants were processed, aligning with our capacity for this session. All nominations were finalized by the November 16, 2024 deadline.

The final Senior Member Review Panel for 2024 convened on November 23, 2024. Typically, nominees can expect to receive notification of the Review Panel's decisions within 1–2 weeks.

If for any reason you were missed or unable to participate in this session, please contact us at r3-smec@ieee.org, so we can prioritize your inclusion in our next Roundup.

We are now preparing for the first Senior Member Review Panel of 2025. Members interested in learning more or participating are encouraged to reach out to us at the email above.
