

Area 4 Report: November 25, 2024 to January 27, 2025 P. Kuban

Summary: Many sections had no meetings during this brief, end-of-year, holiday interval. However, many sections have been working very hard on executing elections via vTools. Of the 7 active Area 4 sections: Evansville-Owensboro, Chattanooga, and Central TN have successfully completed their vTools elections. Memphis and East TN will be finished in January and February, respectively. Lexington and Louisville will hold elections this year. At the Region 3 level, we are in discussions with the vTools voting experts at HQ, and hope to have a workshop and/or presentation during the Southeast Con event.

Section, Event Title	Date	Virtual?	Category
Central Tennessee:			
No records found.			
Chattanooga:			
Section ExCom	12/16/24	Yes	Admin
