

IEEE HTB Report

January 2025

Varadraj Gurupur, Region 3 Representative

What is MOVE Global ?

Changes in the definition

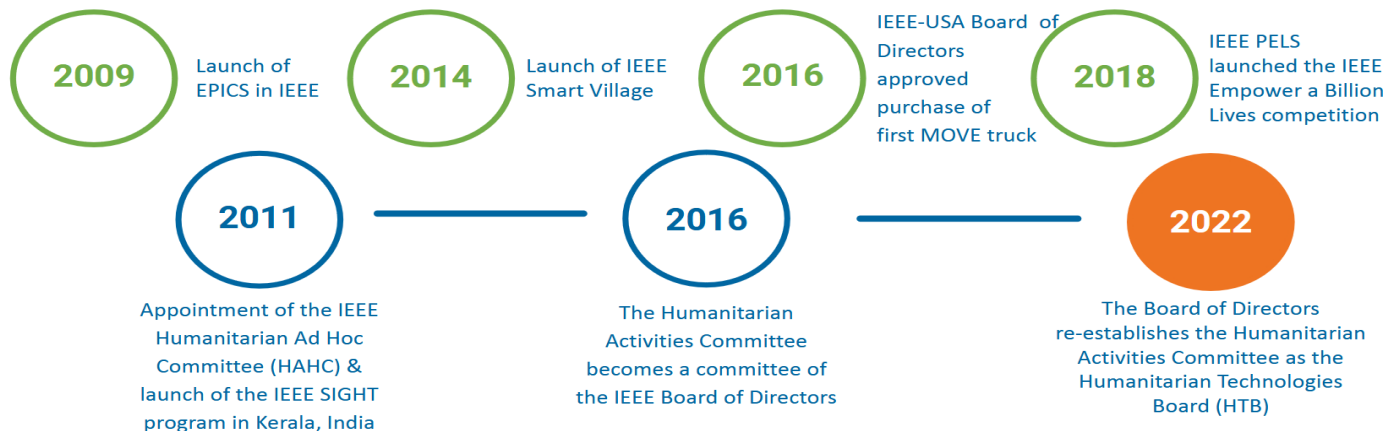

MOVE acronym - the acronym was changed to remove “vehicle” so the focus was on volunteers, not the vehicles, as some locations do not have vehicles.

MOVE (Mobile Outreach using Volunteer Engagement)

Scope

MOVE has a process describing how new locales are created in new jurisdictions. This includes evaluating, but shall not be limited to:

- Disaster profile for the location
- Member interest in supporting effort
- Potential partners
- Government relations
- Type of support needed after disasters- response plan to maintain units in the ready state
- Training and engagement of volunteers.
- Power and/or communication support- expertise
- Trucking/equipment and/or related laws, risk, financial plan, volunteer leadership, milestones.

Getting Children Involved in STEM

Group 1:

- Children studying from Class 1 to Class 5

Group 2:

- Children studying from Class 6 to Class 10
