

Team,

I'm delighted to report that [IEEE-USA MOVE](#) had a very successful [Giving Tuesday](#) last year. Generous donors like you contributed over \$6,140, with a match of \$2,740 yielded a total of \$8,880. This was more than double what was donated the previous year! I cannot thank you enough for your generosity.

This year I continue to serve on the MGA GUOS Committee, and am working with the vTools committee to improve tools that Sections use to track the health of their Sections. I'm still serving on the IEEE Governance Committee, and as part of my work on the Governance Committee, I'm leading a working group to review both the Organizational Unit Alignment Committee (OUAC) & Strategy and Alignment Committee (SAC). Starting this year, I'm serving on the IEEE Conference Committee Nominations and Appointments Committee, and the MGA Governance Committee where our goals are to make IEEE volunteers' (like you!) lives easier, improve visibility across units, improve continuity of leadership, and improve both communication and alignment across units.

I'm planning to attend SoutheastCon in March, and the week before that I will be in New Orleans for the MGA Mini-Series meetings.

I wish you all a happy new year, and I thank for all you do for IEEE!

Respectfully submitted,

Theresa Brunasso  
IEEE R3 Past Director
