

Region 3/Region 9 Section Realignment

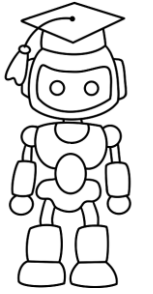

- IEEE is in midst of Region realignment with Region 1 & 2 merging and Region 10 splitting into Region 10 & 11 by 2028.
- As part of IEEE Realignment, Region 3 & 9 are also looking at realignment of Sections
 - Align Sections that are part of US Territory to move from Region 9 to Region 3
 - Align Jamaica with Region 9
- Reasoning:
 - US Territories currently do not have representation by IEEE USA
 - Original language barrier is no longer an issue
