

Team,

It was good to see so many of you at SoutheastCon last month, and I want to thank the North Carolina team for hosting a very successful conference. I hope those of you who celebrate enjoyed your Easter, Passover, and Ramadan traditions. Currently I'm in Madrid, where I've spent the past week enjoying the weather, sights and food of this lovely city. Unfortunately, this means I will miss the ExCom meeting tonight.

A few days after I return from Madrid, I will be in Puerto Rico for an [IEEE Governance Committee](#) meeting, and on May 15th I'll be at the [WIE International Leadership Conference](#) in San Jose presenting on starting and sustaining a consulting business. I hope to see many of you there. I'm continuing my work on the [MGA GUOS Committee](#), the vTools committee, the OUAC/SAC working group, the MGA Governance Ad Hoc Committee and the [IEEE Conferences Committee](#) Nominations and Appointments Committee. Those of you who follow [IEEE-USA MOVE on Facebook](#) know that two trucks deployed to Kentucky to assist the Red Cross helping communities affected by the record-breaking floods. I know you join me in thanking all the volunteers who make our support of IEEE-USA MOVE possible.

As always, I thank you for all you do for IEEE!

Respectfully submitted,

Theresa Brunasso
IEEE R3 Past Director
