

CCECE02 SPONSORSHIP

Canadian Conference on Electrical & Computer Engineering

Technology in the New Millennium

May 12 to 15, 2002

Hotel Fort Garry, Winnipeg, Manitoba, Canada

Dear Potential Sponsor,

The 2002 Canadian Conference on Electrical and Computer Engineering, CCECE02, provides a forum for the presentation of electrical and computer engineering research and development from Canada and around the world. The conference is sponsored by the Institute of Electrical and Electronics Engineers, IEEE. In addition to the papers presented, the conference will also have several workshops, industrial exhibits, and tours. Nearly 350 papers will be presented at the conference, covering the following topics:

- Modelling, Planning & Operation of Power Systems
- Power Electronics & Machines
- Computers and Digital Hardware
- Real-Time Embedded Systems
- Software / Information Technology
- Computational Intelligence
- Neural Networks
- Genetic Algorithms & Fuzzy Logic
- Pattern Recognition & Image Analysis
- Signal Processing and Filter Design
- Circuits and Systems
- Microelectronics and VLSI
- Nanotechnology & Micromachining
- Communications and Wireless Systems
- Electromagnetics and Optics
- Antenna Theory, Design & Applications
- Computer Networks
- Biomedical Engineering
- Robotics and Mechatronics
- Process Control / Industrial Automation
- Remote Sensing
- Instrumentation and Sensors
- Control Theory and Applications
- Aerospace and Avionics
- Industrial Applications
- Reliability Engineering
- Intelligent Transportation Systems

First Time in Winnipeg

In the past, the conference took place in many cities in Canada, but never in Winnipeg. We are very happy that this main Canadian conference in the field of electrical and computer engineering will take place in our city. Naturally, we would like to make this conference the best ever.

Request

In order to provide the best meeting place for active researchers and some of the brightest students attending the conference, I would like to ask for your financial help, at any level possible, with some guidelines provided on three other sheets attached to this letter.

Benefits

Many of the students may be your future engineers and technical personnel. In order to develop networking of excellent individuals at the conference, we want to provide breakfasts, lunches and a dinner for all the students.

Your company would be advertised in the Proceedings, Program, the Web, and various events at the conference, according to the schedule attached on another sheet.

Conclusion

Your contribution would enhance the quality of the conference to all the attendees, particularly to the students. Thank you very much for your kind consideration.

Sincerely,

W. Kinsner, Ph.D., P.Eng.
CCECE02 Conference Chair

Conference Chair
Dr. Witold Kinsner
University of Manitoba

Techn. Program Chairs
Dr. Abdel Sebak
University of Manitoba

Treasurer
Dr. Hilmi Turanli
Manitoba Hydro

Secretary
Ms. Grace McCaskill
University of Manitoba

Publications
Dr. Ken Ferens
Norsat, Winnipeg

Publicity Chair
Mr. Jeffrey Anderson
Internet Innov. Centre

Local Arrangements
Mr. Alan Pollard, LSM

Exhibit
Mr. Doug Strang, NRC

Tutorials & Special
Dr. Udaya Annakkage
University of Manitoba

Student Activities
Dr. Zahra Moussavi
University of Manitoba

Industry/Government
Mr. George Ortega
TRLabs
