Session details:

Date : 3rd&4th March 2020

Time : 11:00a.m-11:00a.m (24 hours)

Venue: CSE Department, MVSR Engineering College.

The 24 hour Hackathon began with our chief guest Mr. GEETHANANDA from Innvectra Info Solutions briefing the participants about the problem statements. After the explanation was done the competition started with participants choosing the problem statements they are going to work on.

**Mr. RVS Prasad (INMAAR Intelligence), Mr. PSV Kisshhan(H-BOTS),
Mr. Girish(H-Bots) evaluating the solutions developed by participants.**

The organizers of the competition have successfully managed in providing the participants everything that they needed.

On the second day, when the event ended, we had two judges, Mr. Geethanand from Innvectra and Mr. Kisshhan from H-BOTS who were present to judge the event. On observing the outcomes with precision the judges came down to announce 3 winners. This is not just; few other contestants whose performance was equally good were offered internships in their respective companies.

Dr. Geethanand Reddy encouraging all the hackathon participants to give their best to become best with his outreaching words

Geethanand Reddy judged the session online through a conference call wherein the screens of the participants were shared with him.

There were over 40 participants in 18 teams becoming a part of this challenge putting their best in solving the problem statements proposed by Dr. Geethanand Reddy from INVECTRA and PSV Kisshhan from H-BOTS.

With an overall of 9 participants in the first three positions and 26 participants being offered internships as well as job offers, Hackathon stood as one of the most successful events under IEEE MVSRS CS

6 teams of 13 participants bagged internships from H-BOTS. 5 teams of 13 participants bagged an internship from INVECTRA.
